"Never Lost in the Crowd"

Dear Members,

A Few Notes from your Editor:

Well, here we are halfway through the year, with what has been a cautious start back to normality with events starting to pick up and plenty planned for the summer time ahead. As you may know we have just returned from the "Birthday Weekend" at Slaley Hall in Northumberland. Our grateful thanks to Ian & Ewa Collingwood for not only organising but of course to Ian for the musical entertainment and Ewa for the birthday cake. We await their appearance in "Britain's Got Talent" and the "Great British Bake Off". Other good news was that Ken Fletcher announced that David Naylor had accepted the position of Club President following the vacancy left by his brother Alastair. It was pleasing that the club was able to pay tribute to both Alastair and Freda with both Pat and Clive in attendance. A full report and photos will go out in the next edition of the magazine. Ken eluded to the friendship aspect of the Club brought together through the car ownership. This was epitomised with the fact that owing to a couple of us suffering mechanical failures, other members stepped in to support and save an otherwise ruined weekend. Alas we were unable to take part in the Saturday Remembrance Run, both Mike Chatterton and I thank the Naylor family and the Taylors for rescuing us and helping us enjoy the rest of the weekend. We are now fully serviceable once again having been relayed home. Northumberland will now be quiet again after the roar of the Naylor's around the countryside. After being picked up at the hotel for the return trip to Norfolk we were unceremoniously dumped in the Scotch Corner coach park and awaited a further relay pick up home. A tour coach pulled in and we were besieged by a load of German tourists en-route to Scotland. All had cameras and phone cameras at the ready as they took photos of our stranded Naylor - proving "Never lost in a Crowd". Alas my mastery of the German language was learned from comics with "Achtung Spitfire!" which somehow I didn't think would be appropriate. Pointing at the wheel and saying "Kaput" seemed to get the message across. Maybe we should get some foreign language "pikes" printed to hand out at times like these. As I have stated, a full report on the Birthday Weekend with photos will follow in the next magazine. Suffice to say we returned home safely and the broken Naylor is now up and running once again.

Again thanks go to Debs as our resident photographer for the photo opportunity whilst at Slaley Hall and we hope to publish a few in the next Magazine.

Some points emerged whilst at the bar, was the fact that David Naylor does maintain an inquiry list for those wishing to purchase Naylor's, so if you have a Naylor to sell it will be worth contacting him in the first instance before resorting to auction houses. It also worth pointing out that our website again is a good place to advertise, as "search engines" will pick up the Naylor.

David is still looking for help and assistance in the running of the Naylor Stand at the NEC in November. Please contact David if you think you can commit the time and energy necessary for us to continue attendance at this prestigious show.

Without rambling on about the events whilst staying at Slaley Hall, it was pretty obvious that all of us enjoyed the weekend with the weather holding fine for the Saturday run and remained dry on the Sunday, and so we all look forward to another Birthday party next year.

This wasn't the twin room the Beels expected !

Recent Events 2022

Drive It Day - April 24th

Here in the Eastern region Sue and Keith Heywood arranged a meet up to celebrate the FBHVC annual "Drive It Day" in support of the NSPCC with a visit to Wimpole Hall near Cambridge. A dry but cool day allowed the "top down" journey. We had been warned that the NT had recently revamped the car parking resulting in a short walk to the house and complex. It was clear the car park could not be used as a communal picnic spot, so members opted for a visit to the house and gardens. A buggy was available for those with mobility problems, but alas the wait for transport was sadly a long time - due to Covid and lack of staff! The fine weather and end of term had brought out the family crowds. We managed the tour around the house and a magnificent walled garden typical of the period. A visit to the small estate church again demonstrated the wealth and power of those land owners of the time. The most popular venue seemed to be the estate farm site area as the current lambing season was proving to be the major attraction for the children.

The Mills and Ross's also had a run out around North Norfolk with the NNCVC ending at Creake Abbey. Further report in next Naylor News magazine.

Birthday Weekend Slaley Hall - May 13th-15th

As mentioned this will be covered in full in the July/August Naylor News.

Annual subscriptions:

A gentle reminder that annual subscription/membership is due, please send your renewal form and payment or details to our Treasurer Tony Brooks.

Magazine articles: Once again thanks to all who take the time and trouble to send me articles not yet featured. It may not go in straight away so do not be disappointed as we juggle with space etc., and balance, but I shall endeavour to publish everything that is sent in. A further word of thanks to our overseas members for contact and pictures which I hope to use in the next magazine.

FBHVC: A link to their latest Newsletter Issue 2 is <https://fbhvc.co.uk/newsletter-archive> A lot of interesting articles regarding what's happening on the historic vehicle scene.

Web Site: Don't forget to look at the web site <https://www.naylorcarclub.org.uk> from time to time. Steve has done a wonderful job in getting it up and running, and of course it is more "immediate" than our regular hard copies. A wider audience can be addressed through this medium, but of course we shall continue with "hard copy" and at the same time continue to develop and maintain the web site.

And Finally: (Just to bring a smile!)

My petrol tank went from full to £50 in no time at all!

I do enjoy long romantic walks to the fridge!

Whilst in Northumberland a shepherd told me to count his thirty eight sheep, then round them up, so I said - Forty!

Great news, I won a competition the other day. The prize was a year's supply of Marmite. One jar!

En route to Slaley Hall - I can't see Castle Barnard on the map !

And Finally - Finally:

We sincerely hope and trust all remains well with you all, so stay safe as we look forward to enjoying some summer motoring.

Kindest regards to all our members,

Paul
