*"Never Lost in the Crowd"*

Dear Members,

## **A Few Notes from your Editor:**

Well, here we are heading towards the Classic Car Show in November and then thinking about Christmas and another New Year dawns on us all, with another notch on the Zimmer frame of life! We have just attended our first AGM and our immediate impressions are what a thoroughly nice bunch of people the Naylor clan are. They even voted me onto the Committee and then gave me a couple of trophies! Seriously, it was certainly great to have "human contact" instead of virtual reality, all made possible by those in the NHS involved in sorting us out with vaccines. Our corporate thanks go to all concerned in organising the AGM weekend, especially Robert and Enid's "swan song", and also to Steve Allen for providing us all with venues and diversions in rural Buckinghamshire. Suspension spares are available from all good dealers! We appreciated the hard work that goes on behind the scenes to make these things happen. Also a final plug for Ken Fletcher and Debs Hennessey for their contribution in organising us all. A full report on the AGM will be covered in the December edition of the Naylor News. I'm sure many members will be pleased to hear that Shirley Burnhill has been nominated and accepted the post of Vice President that has been vacant for some time. Many of the tasks left from Freda's legacy are being shared around in a more logical manner as we continue to pick up the pieces from her sad loss to the club. More details to follow. Tony Brooks has indicated our finances are in good shape, so rest assured the Club is in good hands.

**Spares:** Any issues involving technical matters and/or spares please speak with Brian Daniels on 07961541920 in the first instance. Currently the spares holdings from Keith Heywood will be transferred to Clive Taylor's custody and the service should be up and running hopefully in the new year. Further details, contact numbers and updates will be made following stock and inventory listings. Our thanks to Clive for taking on this task, and again grateful thanks to Keith for his past service to club members.

**Magazine articles:** Once again thanks to all who take the time and trouble to send me articles not yet featured. It may not go in straight away so do not be disappointed as we juggle with space etc., and balance, but I shall endeavour to publish everything that is sent in. Please be aware it does take time to get the magazine produced, proof read and published before distribution. We work on about a month in advance, so again if you require immediacy the web site is possibly a better medium. Once again a plea to all members for articles, anecdotes, and suitable photos as we look for a Christmas edition or I shall be “doing a Freda!!”.

**FBHVC:** I'm sure you will have all seen and received the latest press release 2nd Sept, that Robert sent out recently from the FBHVC with the main feature being the update on fuel changes, and the implications it has on "historic" vehicles. Having searched our local area it is clear the majority of supermarket chain filling stations are supplying E10 at all pumps, so you have to look around as it is not easy pulling into the pumps to read the nozzle to check the grading. You may also notice a considerable price difference as well for the E5 premium grades. No doubt there will be more to come on this subject.

**Web Site:** Don't forget to look at the web site <https://www.naylorcarclub.org.uk> from time to time. Steve has done a wonderful job it getting it up and running, and of course it is more accessible than our regular hard copies. Keeping it updated is proving a little difficult at the moment, but he has made inroads into making Tool Box articles available.

## **Events 2021**

### **Classic Motor Show: NEC Birmingham, 12-14th November**

Once again the Naylor Car Club will be represented at this prestigious show. If you intend to go, tickets can be purchased using a Club discount code **CCS801**. Please note that this code is only applicable to Club members. David Naylor is heading up the organisation and currently has most things in hand. David's red Naylor will be joined this year on the stand with Howard Pridd's recent pearlescence white Naylor.

### **RAF Coltishall Heritage Centre, Norwich, Sunday 24th Oct**

A visit to this former WWII fighter station, including an illustrated talk on its history, a convoy drive around the former airfield stopping at sites of interest, will be followed by a visit to the museum and portable photographic processing laboratories used by the RAF for reconnaissance work. A late lunch and menu choice will be booked at “The Goat” Skeyton, before dispersing.

Names and Car reg details will be necessary as it is a secure site under the control of Hethel Innovations as an Enterprise Business park closed to the general public. Names please to Paul Hendley at [naylornewsed@gmail.com](mailto:naylornewsed@gmail.com) or telephone 01362638102. Directions and further details will be forwarded. Location is approx half an hour run from the Thickthorn roundabout on A11/Norwich A47 southern by-pass. Meet at 10.30 am at Main Guardroom.

## **Future Events 2022**

**Birthday Weekend** : As members will know this was put back from last year and then again postponed this year and now has been rescheduled for May next year. The plan is to make an "occasion" to pay tribute to Freda and her tireless work for the Naylor Car Club. We shall be looking at re-confirming the bookings and arrangements, etc., early next year. It is hoped that a "Remembrance Run" will be held around the local area. Ian & Ewa Collingwood will be the POC's for the event as it will be advertised in the next few editions of the magazine and newsletters. You will have no excuse not to attend! (See Attached)

**And Finally:** (Just to bring a smile!)

As you get older three things happen, first your memory goes, and then I can't remember the other two.

The elderly don't drive that badly; they're just the only ones with time to keep to the speed limits!

I was stopped by the police the other day, he said, "Give me your name", I replied, "What am I going to use!"

The wife said, "Take me somewhere expensive tonight", so I drove her to the petrol station.

**And Finally - Finally:**

We again warmly welcome new owners to the Club, and hope you have a long and happy relationship with your Naylor/Hutson or Mahcon and all that it offers. We sincerely hope and trust all remains well with you all, as we are moving cautiously back to normality, so stay safe as we look forward to seeing some of you at the NEC.

As a further point as Editor I refer to Naylor in the singular as we are the Naylor Car Club, but of course wish to make it inclusive to Hutson and Mahcon owners, without having to cut down a rain forest to add another half sentence every time Naylor is mentioned! Shirley Burnhill did suggest I referred to "TF1700", but I do prefer names to numbers!

Kindest regards to all our members,

*Paul*
